COAL OPERATORS' FIGURES SHOW \$5 A TON PROFIT

LAFOLLETTE OFFERS PEACE RESOLUTION

Washington, August 11. — (Associated Press Dispatch)—A peace resolution was introduced in the Senate today by Senator LaFollette providing that the United States define definitely the object for which it shall continue to wage war and that the Allies also make a public restatement of the peace terms which they will demand.

The resolution seeks to place Congress on record as opposing support by the United States for annexation or indemnities for other nations and proposes the amassing of a common fund for all the belligerents for restoration of stricken territory.

Senator LaFollette made no speech on his resolution and there was no debate.

On motion of Senator Williams it went over for a day under the rule.

Coal Dealers Are Warned That More Than Ten Cents Per Ton Increase on Anthracite Coal Before September 1st is Unwarranted and Will Be Given Federal Attention.

BITUMINOUS COAL PRICES ARE EXPECTED TO TAKE A TUMBLE

Government To Take Cognizance of Excessive Profits—Federal Trade Commission Holds Session With Coal Operators Who Show Figures Indicating Enormous Profits.

WASHINGTON, AUGUST 11.—(Associated Press Dispatch)—Coal dealers who increase their prices for anthracite more than 10 cents a ton before September 1st will be considered by the Federal Trade Commission as openly declaring "a policy of profiteering."

Indications are that bituminous coal prices will be reduced in the future. "Barring increased wages to mine labor," the Federal Trade Commission declared in an official statement, "present prices of anthracite at the mines will not be increased beyond the normal 10 cents per ton September 1st, which will bring prices up to the winter level. Any proposed increase in anthracite prices greater than 10 cents per ton on September 1st is, therefore, totally unjustified."

The statement was issued after a session between the commission and representatives of Washington coal dealers, whose profit based on the dealers' own figures, have been excessive on both kinds of coal in the last few months.

According to the figures gross profits on bituminous coal sometimes were as high as \$5 a ton, and the net profit on anthracite was \$1.25 to \$1.35 a ton. These profits were declared unjustified.

Government has taken all precautions to prevent interruption of traffic and military forces are guarding the strategic points. Most of the regular trains are running with only slight delay.

The employees on other lines have not joined the strikers. The Minister of Interior is visiting strategic points.

DR. KARL HELFFERICH

SECRET LOANS FROM TEUTONS

(Associated Press Cable.)

Athens, Greece, August 11.—Finance Minister Negropontes, replying to an inquiry in the Chamber of Deputies stated that the cabinet of the premier contracted two secret loans in Berlin of 40,000,000 marks each, repayable in three months after the signing of peace.

The first loan was arranged January 2 and the second in April, 1916. The Lambros ministry obtained a similar loan in January, 1917.

At the same time he emphasized the heavy responsibility of the government which negotiated the loan without authority.

ZAPATA SENDS SECOND AGENT

By Associated Press Dispatch.

Mexico City, August 11.—The rebel leader, Emiliano Zapata, has sent another emissary, Colonel Reyes, formerly of the federal army, to treat with President Carranza.

The former emissary, Enrique Bonilla, who failed in his mission, was executed by General Zapata on his return, it is reported.

Colonel Reyes has not yet seen the report.

WOMEN KNIT FOR THE FIGHTERS

SUMMER JOYS DO NOT INTERFERE WITH PATRIOTIC KNITTING

In the torrid summer weather American women think of the cold autumn and winter days to come and keep their knitting needles busy. On beach and board walk and hotel porch, in hammock and canoe, pa-

triotic women are knitting socks, mittens, comforters and all other manner of woolen things to help the soldier in conserving his bodily warmth in the coming months, perhaps in the trenches in Europe, and to aid the sailor on the cold and stormy seas.

HAIG CLINCHES HOLD ON ALL GROUND WON ON FLANDERS FRONT

By Associated Press Dispatch.

Field Marshal Haig clinched his hold last night on the ground won in Friday's attack on the Flanders front east of Ypres.

The Germans made their inevitable heavy counter attacks, no less than six of them, during the night, but all without success. Not only did the British maintain their positions but gained additional ground on their right wing near the Ypres-Menin road.

These new gains are probably important to the success of the British plans for it was in just this sector that the British had failed to make all the progress expected of them.

On the remainder of the two-mile front all of the objectives were achieved in yesterday's assault and have been held.

German resistance was especially stubborn on the British right, but the result of the night fighting shows that despite this the British forces were able to forge ahead.

On the Aisne front and in the Champagne the French forces have been heavily engaged on their own soil to the south.

In the St. Quentin area French troops regained nearly all of that section of the line which the Germans had penetrated in the sudden thrust Thursday night.

The fighting in the Champagne was of German initiative. An attack launched over a two mile front was broken up by the French fire.

DIRECTOR OF COAL NAMED IN ILLINOIS

By Associated Press Dispatch.

Chicago, August 11.—Illinois today has a director of coal whose duties involve the regulation of price, production, distribution and transportation of coal to be consumed in Illinois until March 31, 1918.

This new official is Chief Justice Orrin N. Carter, of the State Supreme Court, and his appointment was made late last night after Governor F. O. Louden and seven coal operators had been in conference for more than four hours in an effort to reach an agreement.

The agreement provides that action toward price fixing and other regulation be taken "with the utmost possible dispatch."

A statement issued by the governor today expressed satisfaction over the peaceful settlement without resort to the power the state possesses to meet such emergencies.

Governor Louden asserted that the agreement will have no effect on the conference next Thursday at which representatives of 15 states will meet here with the state council of defense to discuss coal problems.

WEATHER FOR WEEK

Washington, August 11.—(Associated Press Dispatch)—Weather predictions for the week: For Ohio Valley are: Unsettled weather and showers first half of week. Fair latter half. Temperature below seasonal average.

N. Y. BOARD IS REMOVED

By Associated Press Dispatch.

New York, August 11.—All of the men exempted from military service by the local exemption board in District 99 will be re-examined by a new board appointed by Governor Whitman.

Roscoe S. Conkling, deputy attorney general, was in charge of the board's headquarters pending the appointment of the new members while an examination of the records was being made.

District 99 which is in the congested section of the East Side was expected to fill a quota of 213. Out of a total of 728 men examined, 317 were listed as physically qualified, 303 rejected and 198 were held for re-examination.

About 600 aliens remained to be examined when the members of the board were removed last night by order of President Wilson, "because of irregularities after an investigation on the part of the Department of Justice."

TAFT CONTINUES RAPID RECOVERY

By Associated Press Dispatch.

Clay Center, Kansas, August 11.—Former President W. H. Taft spent a good night and today showed marked improvement in the illness that has confined him to a hotel here since Tuesday. His physician announced that he was continuing to take nourishment and is much better.

DRAFT LAW TEST CASE ON DOCKET

By Associated Press Dispatch.

Washington, August 11.—A test of the constitutionality of the conscription law will come before the United States Supreme Court on or before August 24, with the docketing of the case which will be called during the full term of court.

The case will come up on a writ of error on the district court of Northern Ohio, where Charles E. Ruthenberg, recent socialist candidate of Cleveland, and Alfred Wagenknecht, Ohio state secretary of the Socialist party, were convicted of having conspired to induce persons subject to the conscription act to evade the law.

They were sentenced to one year in the Canton, Ohio jail.

WAR TAX BILL UNDER DEBATE

By Associated Press Dispatch.

Washington, Aug. 11. — The \$2,000,000,000 war tax bill as the unfinished business of the senate today was the subject of debate.

Senators Simmons, chairman of the finance committee which rewrote the bill resumed his speech in further explanation of the bill. He defended his committee's revision of the bill and denied it had favored big business and wealthy individuals as charged by Kitchin of the house ways and means committee. The house had he said, shown too much sympathy with those who had reaped

heavy profits. He made it plain that a large share of the expenses of the war would be met on increased taxes on certain corporations.

Senator McCumber, Republican member of the finance committee prepared to speak after Senator Simmons had finished.

FIRST BOARD TO BE RELIEVED OF WORK

By Associated Press Dispatch.

Washington, August 11.—Members of the New York Local Selective Board who were relieved yesterday after an inquiry into their work, will be prosecuted, officials of the Provost Marshal General's office said today.

Up to this time the New York incident is the only one where question as to the good faith of a local board has been raised. Officials said prompt steps to bring offenders to book would be taken on the slightest suspicion of irregularities.

LABOR MEMBER HAS RESIGNED

(Associated Press Cable.)

London, August 11.—Arthur Henderson, labor member of the British war council has resigned his membership to the cabinet.

London, August 11.—The Pall Mall Gazette says that Arthur Henderson, who yesterday addressed the labor conference and advised the sending of British delegates to the Stockholm conference, has resigned and that Lloyd George has accepted his resignation.

JUDGE CARPENTER AFFIRMS JUSTICE IN SEINING CASES

Decision Handed Down Today Recalls Interesting Cases Filed Year Ago By Fish and Game Protective Association—Fines Allowed to Stand.

In a decision handed down Saturday morning, Judge Carpenter in common pleas court sustained Justice T. N. Craig in finding ten Sabina men guilty of illegal fishing in a Fayette county stream, and the fine of \$25 in each case.

The cases were backed by the Fayette County Fish and Game Association and the first affidavits were filed a year or more ago, and after considerable delay, occasioned by a so-called investigation on the part of the State Board, due to the fact that one

of the accused was H. D. Pavey and a deputy state game warden, the hearings were held before Justice Craig, who found each man guilty of the charge, and fined each one \$25 and the costs.

The men, represented by Attorney J. D. Post, carried the case up to the common pleas court, on error, and the hearing took place sometime ago.

The men involved in the case are: H. D. Pavey, Dr. Herbert Armstrong, Gage Grove, Sampson Grove, Fred Cole, Cliff Roberts, E. K. Mills, David Polk, J. S. Parrett and John Polk.

The decision is a victory for the Fayette Fish and Game Protective Association, which authorized the prosecution.

The men are alleged to have seined Rattlesnake and caught fish in that manner.

CHARLESTON WILL VOTE ON CHARTER

South Charleston votes September 4th on the question of adopting a charter form of government, and there is every indication that it will carry.

COMPANY M AWAITS ORDERS TO ENTRAIN FOR CAMP SHERIDAN

Company M is awaiting orders to entrain for Camp Sheridan, at Montgomery, Alabama, and this order is expected to come at any time, and not later than sometime next week.

There are indications that the Company may move Monday, or even before but in the fact of other recent indications, nothing definite is known regarding the time the men will be sent to camp.

For the past ten days additional equipment has been received by the Company, but new wearing apparel for the new recruits has failed to arrive, and some of the men may go into camp in their citizen clothing.

All members of Company M were ordered to report at the armory and all leaves of absence came to an end Saturday noon. No more leaves of absence will be granted.

Several of the men have been working on farms or at other occupations, and these were called in.

WILL OPEN HIGHWAY SOME TIME TUESDAY

Mark & VanGundy, contractors who are building the Sabina pike, are preparing to open the first section of a little more than two miles on Tuesday of next week.

The road has been treated with tar and will be opened from the point where the work started near this city to the Mt. Olive church.

The next section of the road will be opened sometime in September, and it will be late fall, in all probability, before the improvement is completed and the road reopened its full length.

COMPANY M TEAM AT LONDON TODAY

Company M's base ball team went to London Saturday afternoon to play the ball team of Company C. The local company has a good team and a fast game is expected.

The following is Company M's lineup:

Harris, 1b; Grimsley, 2b; Gerleach, ss; Cartwright, 3b; Backenstoe, lf; P. Smith, cf; Tillis or Whaley, rf; Taylor, c; O. R. Smith, p.

The team motored to London.

LEBANON UNIVERSITY TO ENTER A MERGER

ESTABLISHING THE PRICE OF WHEAT

There has been quite a lack of understanding as to just what has been done as to fixing a price for wheat. In the first place there is no law fixing a minimum price or in any way affecting the price of this year's wheat crop. The 1917 wheat crop prices will be determined wholly by market condition and such regulations, if any, that National Food Administrator Hoover may impose.

The law fixing a minimum price of \$2.00 per bushel for wheat about which there has been so much misunderstanding is effective only from July 1st, 1915, until May 1st, 1919, and applies only to No. 1 Northern wheat, or wheat that is known hereabouts as "Spring Wheat."

The law does not apply to the wheat crop raised in this section at all.

There is some confusion as to whether the \$2.00 per bushel minimum price for No. 1 Northern wheat applies at the seaboard, in the wheat fields of the Northwest or elsewhere, but as to that there is plenty of time to work out the details, and it does not effect local wheat growers any way.

SHOW FOR SOLDIERS

Through the courtesy of the Wonderland theatre and the D. A. R. the members of M company will be given a free show at the Wonderland theatre August 17th at 3:45 p. m.

The films to be shown are "Treasure" a Blue Bird film considered by the Blue Bird people to be their best film; and "General Pershing and his men in France" of special interest to M company.

At two o'clock there will be show for the public. The proceeds are to be used for the maintenance of a French and a Belgian child.

Food Control Essentials

Endeavor to solve the food and fuel problems continues to occupy the attention of public and officials.

The final acquiescence by Congress in the request of President Wilson for one food administrator meets with universal approval.

That means business if the food control bill as finally signed by the president fully empowers the food administrator to act as the conditions demand.

The whole program of conservation, however, will be cheerfully and intelligently carried forward by the patriotic American people. The administrator will have millions of enthusiastic assistants in the United States. There need not be the slightest fear that the people generally will fail in doing the part assigned to them and there need be no fear of the result so far as conservation is concerned. That feature—the supply—will be abundantly provided for. The farmers will produce, weather conditions permitting, an abundant harvest and the consumers will guard against waste.

The only link in the chain which must be forged of the best metal is that one to restrain the food gamblers—the men who are so unpatriotic as to filch millions from the pockets of the consumers of the United States—the men who make more on the farmers' product, twice over, than the farmer himself, although they produce nothing.

Unless the food and fuel speculators are curbed by law and fearless executives the splendid work of conservation by the millions of patriotic citizens will be of no benefit save to swell the illegal profits.

The patriotism of the millions of consumers responds quickly to the nation's appeal. The treason of the speculators can only be stamped out by drastic legislative enactment and the ceaseless endeavor of fearless executives.

The Voting Next Tuesday

Next Tuesday the voters of the state are to cast their ballots in the party primaries and by that method determine the personnel of the party tickets to be voted for in the general election next November.

Under the biennial election laws only the local officials are chosen in the odd years and, consequently, this being an odd year we only have our municipal and township officials to choose.

Quite naturally the greatest interest in these "off year" elections is centered on the candidacy for Mayor in the municipalities notwithstanding the fact that the whole complement of city officials is chosen.

The party primaries, therefore, on next Tuesday are important especially in municipalities. So much of the community morals and civic progress depends on the executive officials that the people cannot afford to be remiss in the discharge of the duty of selecting party candidates. Voters should see to it that good men are chosen in the primaries—men who stand for something and men who will bring needed reforms to pass if chosen to public office.

So much for that. Voters of this city have another question to settle next Tuesday. Shall Washington endeavor to provide a method of government more in keeping with its size and needs than the present general code of the state?

The proposal to have a Charter Commission, whose duty it will be to frame a charter for the government of the city should carry overwhelmingly.

Every voter who believes in trying to secure a more efficient form of government for this city should vote for the charter commission proposal.

Almost all progressive cities in Ohio have charters now and there is no good reason why Washington should take a back seat, in that particular in the great congregation of cities.

The Attorney General's Opinion

The opinion of Attorney General McGhee, given Thursday to State Senator Timby is encouraging.

In effect Attorney General McGhee's opinion is that the state has ample power to regulate the prices of food and fuel.

Coming from such an eminent authority as the Attorney General of Ohio we must believe in its correctness and that is what nearly every one in Ohio wants to believe. In fact that is just what every one has believed for some time.

The supreme question is will the state exert that power and if so when will it do so?

The next question, in order, interesting the people of this state and every other state for that matter is will the executive officers enforce such a law if it is enacted, without fear or in the interest of the many or will they permit it to remain a dead letter on the statute books so far as bringing any measure of relief is concerned?

According to the learned Attorney General of Ohio it is fairly and squarely up to the legislators and the executives of the state to bring about long desired results.

There is nothing intricate about the procedure and we of Ohio have seen the legislature called in extra session on much less excuse than there is for calling it now.

Poetry For Today

MY BOY IS YOUR BOY AND YOUR BOY IS MY BOY

"My boy is your boy and your boy is my boy."

Dear God of pity, how close draws Thy world!

Princeling and peasant link arms in the crucible.

One common cause and one banner unfurled.

My cross is your cross and your cross is my cross;

Each aids the other up Calvary's steep.

This is democracy, this is divinity.

My heart is rent because your heart must weep.

My price is your price and your price is my price;

Thus doth humanity rise to the test.

Shoulder to shoulder the greatest and least of us

Sacrifice, leaving to heaven the rest.

My gain is your gain and your gain is my gain;

Looking afar from earth's blood-hallowed sod

Lift we proud eyes to the youths who shall plead for us,

Winging swift away to the altars of God.

Mr. Campbell is now located in the Myers property on Fayette street but the building will be purchased for city purposes.

Mr. Campbell has not decided whether or not he will continue the present business.

PRICES WERE LOW AND WAGES DITTO

It did not cost as much to live in the 40's as it does now, but of course folks did not earn as much then as now. The files of the "Spirit of '76" which was published at Somerset, Perry county, in 1842, show some interesting figures:

Wheat brought 40 cents a bushel; rye, 31 cents; corn, 20 cents; oats, 12 cents; buckwheat, 31 cents, and potatoes, 12 cents a bushel. Good old country ham could be bought for 1 cent a pound; shoulders were 5 cents and side meat 4 cents. Butter sold for 6 cents.

Eggs were so plentiful that they were not marketable at any price. Everybody apparently kept chickens and so did not have to buy eggs.

ELKS TAKE PART IN BIG DEMONSTRATION

By Associated Press Dispatch.

Columbus, Aug. 11.—Elks from all Ohio will participate in an immense patriotic demonstration at the annual reunion here Tuesday, Wednesday and Thursday, September 18-20. Officers have decided to omit the customary fancy dress parade, because of the national situation, and hold the patriotic demonstration instead on Thursday night.

The Columbus entertainment committee has crowded the program with attractive events which will be ushered in Tuesday night with an elaborate cabaret party at the new home of the Columbus Elks. On the following afternoon they will attend the Columbus St. Paul baseball game at Neil Park. In the evening there will be a special exemplification of the new ritual adopted by the grand lodge at Boston. Women of the Elks will be guests at a theater party the same evening and later will join the lodge members for a social session and vocal entertainment at the home.

While the women are enjoying an automobile tour Thursday morning the Elks will hold a business session at which the uniform constitution and ritual of state associations will be presented for adoption, and officers elected. In the afternoon the "Best People On Earth" will take in the Grand Circuit races at Driving Park. That evening, following the patriotic demonstration, an informal ball at the home will wind up the reunion program.

IN SOCIAL CIRCLES

Miss Rose McLean gave most pleasurable entertainment to the girls of her Sunday school class Friday afternoon.

The feature of the gathering was vacation experiences as entertainingly told by class members. While the girls accounted in turn for the way in which their vacations had been spent the listeners clipped rags for fracture pillows.

The sympathies of the class had been aroused some time ago by a letter from China which gave a pathetic description of the delight afforded some little Chinese girls by receiving American dolls and the class decided that each girl would buy and dress a doll to send to a Chinese girl.

A delicious picnic lunch was much enjoyed on the verandah.

Miss McLean's niece, Miss Helen McLean, of Magnetic Springs, was an out of town guest with the class members Misses Kathleen Davis, Margaret Walker, Mary Parrett, Marie Bateman, Esther Bolen, Gladys Coffey, Florence Stratton, Marie Noble, Helen Richardson, Opal Church, Grace Hard.

BOYS AND GIRLS ARE READY WITH DISPLAY FOR FAIR NEXT WEEK

The Fayette county boys and girls extension work clubs have completed preparations for their exhibits at the Fayette County Fair.

The Pig and Poultry exhibits will be shown in different tents, near the grand stand and the Clothing and Food clubs will have their exhibits in the rooms under the grand stand to the right of the entrance.

The Pig Club will be in charge of C. T. Conklin from the O. S. U. extension department. M. C. Kilpatrick from the O. S. U. will be in charge of the Poultry Club. The boys who have exhibits at the fair will sleep in tents at the fair grounds.

There will be 29 exhibits in the Food department and the same number in the Clothing department.

Much interest is being taken in the club work in the county and the fair board is making preparations for a larger display next year. An appeal will be made to the young people of the rural districts to join the clubs and a campaign will be made to secure a thousand members.

ATTITUDE TAKEN BY U. S. RED CROSS

Many questions have arisen as to the attitude of the American Red Cross toward Germans wounded on the battlefield, and also toward Americans of German origin affiliating themselves with Red Cross hospital units going abroad. To make clear the attitude of the Red Cross, Henry P. Davidson, Chairman of the War Council, authorizes the following statement:

When war was declared between the United States and Germany, the neutrality of the American Red Cross of course ended automatically. The American Red Cross can co-operate only behind the lines of the armies of the United States and its allies.

But the Red Cross knows no such thing as the nationality of a wounded man. Any wounded enemy turned over to the care of the American Red Cross will receive as kindly treatment as any friend.

The Red Cross will not only extend every aid and comfort to the armies of America and its allies, but it will assist in every possible way the sick, wounded and afflicted among the civilian populations among our allied countries. This is in conformity with the practice of the Red Cross Society in every country.

As to the policy of the Red Cross in this country toward those of German origin:

The Red Cross knows no difference and makes no distinction between any American citizen.

Insofar as base hospital units are concerned, the Red Cross equips and assigns the personnel of those to be sent to Europe to operate not only

with our own armies but with those of our allies. Once enlisted and mustered into service, these units become part of the Army of the United States and there is of course no discrimination by the Red Cross of the American Army against any loyal American citizen, no matter of what national origin.

Our allies in Europe, however, have requested the American State Department not to permit persons born in enemy countries, or of parents born in an enemy country, to travel as civilians in any of the Allied countries. Representations, however, have been made by the Red Cross, which it is hoped will ultimately prove effective, whereby loyal American citizens on Red Cross service, may be exempted from the operation of this rule, no matter what the country of their origin.

The Red Cross wants it clearly understood that it welcomes the co-operation of every loyal American, and that it does not regard that loyalty as measured by the country of his origin.

BOX OFFICE UP TOWN

A circus with a box office is the Sells-Floto aggregation, which is coming to this city for one day's engagement.

So that reserved seats may be purchased ahead of time, a special representative is carried with the circus and a downtown reserved seat sale established all day during the circus' visit. Arrangements have been made in this city for the representative to be present at Haver's Drug Store, on East Court Street, from 9 to 5 o'clock circus day, and there a full selection of the choice seats may be made at the same prices charged at the ticket wagon on the grounds.

More people every day are finding Herald want ads superior.

CAMP SHERMAN HALF FINISHED

Camp Sherman, at Chillicothe, the camp where Fayette conscripts will report for training and be trained for military service, is now half completed, and the remaining half of the work is expected to require about one half or one-third of the time employed on the first half of the work.

There will be no more shortage of material, no more labor difficulties, and no more delay from any poor system which could not have been avoided at the beginning of the mammoth construction. From now on the work will advance three per cent daily.

"Officials at Washington are pleased with everything in general at Camp Sherman," said Contractor Jas. A. Bentley, who returned yesterday from a conference in Washington. Mr. Bentley stated that particular mention was made concerning the good sanitary conditions.

A new paying system is being worked out by the auditing department. Nothing definite could be learned as to what changes and innovations this will necessitate.

LITTLE STORIES OF PIGS AND POULTRY

Below will be found additional stories of how Fayette boys and girls have worked in the Pig and Poultry contests, told in their own words:

My Chickens.
As Miss Alma Woodruff, the leader of the Poultry Club, asked me to join the club I did so. I engaged thirty eggs of Mr. Floyd Eichelberger and set them in the hen-house, on April 8th. Out of thirty eggs eighteen chickens were hatched on May 5th and they weighed 2 1/4 pounds. Seven died soon after they were hatched. I had eleven when they were eight weeks old and they weighed 8 1/4 pounds. When they were nine weeks old two more died which were much smaller than the others and did not feather out. I fed them ground corn until they were eight weeks old. I fed them shelled corn the rest of the time. I enjoy feeding the chickens and also like to be a club member.

LUCILE BATES.
Story of My Pig.
Selden, O., July 30, 1917.
My pig's name is Jerry. His color is black and sandy. I got him for working for my brother this summer. My pig weighed 25 pounds when I started to feeding him. When I first put him in his pen he did not want to stay by himself, but I finally got the fence fixed with pickets and wire and a few other things. I got him in a pen where he eats clover all of the time and gets all of the water he wants to drink. I give him about 2 gallons of milk per day. He certainly is a growing. These warm days make him pretty hot. I am working hard for the prize.
Your Club Member,
RICHARD MARK.

The Story of My Chickens.
After becoming a member of the Poultry Club, I bought 2 settings of Rhode Island Red eggs of Mrs. Cavine, of Washington C. H., Ohio.

I set the eggs on April 6th and they hatched April 27th. I set them in the poultry house. When they hatched I had 25 pretty little chicks. I built a run for them and whitewashed the coop. When they were still tiny I found they had lice. I greased them with a mixture of lard and kerosene and I did not see any more lice on my little chicks. When they were about two or three weeks old their eyes got sore, so I greased their eyes with cold cream and peroxide until they got all right. I fed them ground corn but now I feed them corn and bran mash and milk. When they were four weeks old they got the gaps. I was then becoming a little bit discouraged but we gaped two or three of them and dusted London Purple in their coop a few times and I put turpentine in their milk once or twice. They did not all have the gaps so the ones that did not have the gaps got a start on the rest so this made them very uneven. When Mr. Kirkpatrick came around to see my chickens he said to feed the larger ones extra feed so we built another run and separated them and put six in the other run. When I go to the screen door they come upon the back porch and look in at me. When I go to feed them I can hardly walk for them because they are around my feet so bad.

I have lost three of my chicks in two months which left me twenty-two. When they hatched twenty-five weighed two pounds and at two months 22 weighed 15 1/2 pounds. In being a member of the Poultry Club I have learned how to feed and care for chickens, and how to rid them of lice and how to cure them of gaps. I am twelve years of age and weigh about one hundred pounds.

FLORENCE L. JAMES,
Octa, Ohio.

TRUTH AND FAIRNESS

Washington C. H., O., August 11.
I have just arrived from a ten days meeting at the Press Gravel camp, Mt. Olivet, Ky. Mt. Olivet being the county seat of Robertson county. While we have heard of Kentucky being a whiskey state and rough, etc. This beats any county seat in Ohio. I visited the jail the 4th of August. The jail is kept by Mrs. Woodward. She told me that within twelve years only six prisoners have been confined there, and for the last three years only two. There has been only one murderer in jail in the last 12 years, and the longest any have remained in jail was twelve days.

The town has been dry for many years and I was told when they had open saloons, there was fighting and meanness until it was not fit for women to come to town. And yet men will uphold the devilish traffic, and Uncle Sam give them license and become a partner in this business that ruins homes, dams souls, and wrecks humanity, just for money. And some professors (not christians) vote for the cursed business. Bringing the displeasure of God upon our beloved United States. Will our people wake up before ruin comes when it will be too late. They tell me they have to cross the river to Ohio to get whiskey. When will the old Buckeye state throw off this stigma, rise up in its manhood vote and destroy this serpent of the pit, that is poisoning our people and destroying homes, that God ordained should be happy. Yours for the right,
J. H. McKIBBEN.

SALOONIST FACES FEDERAL CHARGE

As a result of the arrest in Columbus, Friday, of two soldiers who had been drinking and had appropriated an automobile, the men confessed they had purchased their liquor of W. M. Dunn, saloonist, formerly of this city.

When the accused soldiers said they had been furnished liquor by W. M. Dunn, according to the police, the prisoners, under guard were sent to Dunn's saloon, near Hickory and High streets. They were given a marked \$1 bill to purchase wet goods and allowed to enter alone, though officers outside watched. Dunn, aged 60, is said to have sold them liquor. He was arrested for federal officers. His home is at 1495 Neil Avenue. He spent the night in city prison.

ANNUAL EVENT HAS BEEN ABANDONED

Abandonment, temporarily at least, of the annual Farmers' Picnic, which for a great many years has been a big event in the lower part of Madison county and upper portion of Fayette county, is announced from Bookwalter.

The picnic for years was held in the Hays grove, but during the past 12 years was held in the pretty grove of Mr. Howard Reid, immediately north of Bookwalter.

Last year the picnic was not held on account of the serious illness of a citizen near the grove, and this year no definite organization was made to hold the picnic, and it will not be held.

SUGGEST DOLLAR CORN
(By American Press)

Chicago, Aug. 11.—Resolutions asking the federal government to fix a minimum price of 75 cents and a maximum price of \$1 a bushel for corn for the purpose of insuring a sufficient acreage to encourage stock men and also urging exemption from the draft of stock feeders, were adopted by the Chicago livestock exchange. They were forwarded to President Wilson, Herbert C. Hoover and Secretaries Houston and Baker. The effort to fix prices on corn was based on the contention that the present price of corn is abnormal and prohibitive and is deterring feeders from fattening cattle, hogs and sheep and causing them to market prematurely thousands of animals not ready to yield the maximum amount of meat.

"JAY WALKING" WILL BE STOPPED DURING CROWDED DAYS HERE

During crowded days in this city, beginning next week "jay walking" or cutting across the street intersections, must stop.

This edict has been issued by Chief Moore as a result of several near accidents at the crowded intersections on busy days, and next week the new order becomes effective, and the cutting of corners at the intersections of Court and Fayette streets and Court and Main streets must be stopped.

White stripes, eight feet apart, and to be known as safety zones, will be painted on the streets, extending across the streets in a line with the sidewalks, and pedestrians must keep inside these lines and not cut across the intersection past the traffic post.

For instance, if a pedestrian is on the Savings Bank corner and wishes to cross to the Barchet Meat Market corner, he or she must walk across either to the Arlington corner or the Brown Drug Store corner, and then straight across within the two white stripes.

The new order will not only lessen the danger to pedestrians but will make the driving of vehicles less dangerous to all concerned.

The new order will be effective on Saturdays and all days when large crowds are in the city, and will first be effective during the fair next week.

BOYS AND GIRLS TO SEE SELLS-FLOTO AT EXPENSE OF HERALD

The Herald has decided to make it possible for scores of enterprising boys and girls in Fayette county to see the Sells-Floto Circus in this city, Tuesday, August 21st, without one cent of expense.

Boys and girls can get their tickets free of charge and see the entire show for a few minutes' work for The Herald. This applies to any energetic boy or girl in this city or county, or in New Holland and surrounding territory.

There was a time when youngsters could earn tickets to the circus by the hard work of carrying water to the elephants, but The Herald has decided to overcome this way of earning tickets, and is making the following offer to the boys and girls who wish to see the circus.

One ticket will be given by The Herald to the boy or girl in this city who obtains one 12-week's subscription from a new subscriber in this city at 10 cents per week. Apply at The Herald office at once for further information.

To the boy or girl outside of Washington who obtains one new subscriber to The Herald paid until January 1st, 1918, a free ticket will be given. The \$1.20 to be paid by the new subscriber for The Herald to January 1, 1918 must be turned into this office, at which time the ticket will be given.

Boys or girls desiring more than one ticket can obtain additional tickets for each new subscription taken.

Further information, if needed, can be obtained by calling or applying at The Herald office.

Who will be first?

Full detail instructions will appear in Monday's Herald.

Are your clothes faded? Then use Red Cross Blue; makes them look like new. All grocers.

E. MAST HERE READY TO BEGIN BUILDINGS

Mr. E. Mast, contractor, of Zanesville, who was awarded the jobs of building the Paint township and Union township school buildings—five in all—arrived in the city Friday and is preparing to begin the excavation work next week, providing he can obtain hands and teams.

Mr. Mast expects to begin the work on the buildings in both Paint and Union townships at the earliest possible moment, and if he can obtain workmen in sufficient numbers, will push the work on the structures, although the buildings will not be completed until next year sometime.

Bevo
A BEVERAGE

You've enjoyed it at restaurants and other places—now you want your family and your guests to join you in the same pleasure. That's one of the joys of serving Bevo—to hear your guests say how good it is—then to listen to their arguments as to just what it is. If they haven't seen the bottle they'll all agree that it is something else—if they have seen the bottle each will have a different explanation for its goodness.

Bevo is nutritive—pure through pasteurization and sterilization—non-intoxicating, wholesome and thoroughly refreshing. Note—Bevo should be served cold.

Bevo—the all-year-round soft drink
Get Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, steamships, and other places where refreshing beverages are sold. Guard against substitutes—have the bottle opened in front of you.
